

Welcome to PaMuchakata!

Dear Guest,

The muchakata tree holds much value in Shona culture. The dense foliage embodies the ancestors' protection over those still living, the fruit is a popular delicacy and the tree itself is a coveted spot under which to hold rituals, as it is considered a direct link to the spiritual world. Our wish and intention is that you feel nurtured in both body and soul while you are with us at Musangano Lodge.

With a philosophy that puts fresh food first, PaMuchakata Restaurant and our new breakfast menu guarantee to add a little more 'joie' to your 'vivre' and a lot more 'mmm' to the start of your day. We utilize regional produce where possible and grow many vegetables and herbs in our garden on an organic basis.

Our unique selection 'Mix & Match' provides you with the opportunity to customise your own personal preference. Choose what suits your mood and needs for the day.

Our menu caters for a variety of dietary requirements, so please look for the icons which indicate these dishes and what they contain.

PaMuchakata is open all year round from 10:00 hours to 22:00 hours. In the evening we offer a table 'd'hôte' menu which changes daily. We accept bookings for a braai from a minimum of 5 pax onwards.

Please note that all tips are pooled and shared among all staff members.
